Rabbi Moshe Wiener
Executive Director

—A Community-Based
Organization with a
Citywide Scope—

Hello:

Thank You for attending the Jewish Community Council of Greater Coney Island's (JCCGCI) Take Care New York (TCNY) **Community Health Planning Meeting** on November 16th. Sharing your ideas and input made the event a success!

Earlier, you selected **obesity** as the health priority this community will tackle. At the second meeting, you decided that (1) **Introducing SHAPE UP NYC to Coney Island** and (2) **Increasing healthy eating and physical activity among youth through changes to school policy** will be the interventions for addressing this issue.

We will be in touch with you as we move to the next step – **Creating a local action plan.**

In the meantime, feel free to contact **Beryl R. Williams**, Project Coordinator, Take Care New York 2020 Community Engagement Project, with your ideas. She can be reached via email at b.williams@jccgci.org or call (718) 449-5000, Ext. 2295.

Again, **THANK YOU!**

Rabbi Moshe Wiener
Executive Director

This project is being done in collaboration with Urban Neighborhood Services.

Take Care New York is the NYC Health Department's initiative to improve health and narrow the health gaps between New York City neighborhoods. JCCGCI is supporting this initiative by bringing community members together to identify health issues that are important in our neighborhood and plan for future solutions.

The TCNY Planning Partner grants are made possible with funding from the Population Health Improvement Program, established by the New York State Department of Health.
